Forecast for Monday 14 Feb 2022

Weather: A bright day with the best of the sunshine over the Arrochar Alps and the Trossachs. There will be a few showers, mainly over Lochaber during the afternoon, and these will fall as snow above around 900 m, lowering to 500 m later.

Chance of cloud-free hill tops above 800m: 70%, becoming 40% for a time during the afternoon, and locally 10% over Mull and Jura.

Low Cloud and visibility: Patchy cloud above around 800 m with excellent visibilities across the Arrochar Alps and Trossachs. More in the way of cloud over Lochaber with bases around 600 m, and locally extensive cloud down to around 400 m over Mull and Jura.

Met Office Aberdeen Meteorologist's View

With good shelter from the Northwest Highland, clouds should be well broken across the Arrochar Alps and Trossachs, with just the odd showers during the afternoon. Low cloud will likely feed in across Mull and Jura.

Forecast for Tuesday 15 Feb 2022

Weather: Outbreaks of sleet or snow will spread from the west during the early hours, clearing to showers by dawn with the snow above around 400 m. Some sunshine in between the showers, with the best of this likely during the afternoon as the showers become more isolated. Perhaps some light rain across Arran and Jura later in the evening, with snow above around 600 m.

Maximum wind: West 35 gusts 45 mph, slowly easing.

Chance of cloud-free hill tops above 800m: 20% becoming 80% during the afternoon.

Low Cloud and visibility: A good deal of low cloud above 600 m, falling to lower slopes as the showers pass through. Good visibility between the showers. Clouds becoming patchy across all ranges during the afternoon.

Temperature: **Glens:** Plus 3 rising to plus 7 Celsius
At 800m: Minus 2 Celsius
Freezing level: 200-400 m
